

## ONLY LOVE

How much more are we gonna take?  
How many nights do we have to lie awake?  
How many tears are we gonna cry?  
We can wish until the well runs dry

But what happens when the sky above  
Runs out of every single shooting star?  
And what if every good intention's only meant  
To go so far?

Only love, only love can save us now  
Keep the world from burning down, down, down  
To the ground, ground, ground  
Only love can look inside a human heart  
And see us for who we are  
And who we are would be enough  
If only there was only love  
Only love, only love  
Only love

How many lessons have we really learned?  
How many bridges could we cross instead of burn?  
Why do we find it hard to forgive?  
We're so blinded that it's easy to forget

Only love, only love can save us now  
Keep the world from burning down, down, down  
To the ground, ground, ground  
Only love can look inside a human heart  
And see us for who we are  
And who we are would be enough  
If only there was only love  
Only love, only love  
Only love, only love  
Only love, only love

So what happens when the sky above  
Runs out of every single shooting star  
And what if every good intention's only meant  
To go so far

Only love, only love can save us now  
Keep the world from burning down, down, down  
To the ground, ground, ground  
Only love can look inside a human heart  
And see us for who we are  
And who we are would be enough  
If only there was only love
