

TORNADO

You grow, you roar

Although disguised

I know you

You'll...

You'll learn to know

You grow, you grow like tornado

You grow from the inside

Destroy everything through

Destroy from the inside

Erupt like volcano

You flow through the inside

You kill everything through

You kill from the inside

You'll...

You'll learn to know

I wonder if I'm allowed ever to see

I wonder if I'm allowed to ever be free

You sound so blue

You now are gloom

You sound so blue

You now are gloom

I wonder if I'm allowed just ever to be
