**Oggetto:** thoughts

Hi

We're working on the photos but lots of interesting things are happening in Manchester that you should put in your presentation.

- **Media City.** The BBC is moving most of its operations to Salford. Because of this new creative and media businesses are springing up around it. Housing is also part of this. Also we have even more famous faces popping up!
- **MUFC/MCFC** both contribute to the economy
- **Spinningfields.** a new business centre in the city centre. Also now has great places to eat.
- **Royal Exchange Theatre** nationally renowned. Housed in the old '**exchange**' a **mixture of industrial revolution and 21<sup>st</sup> century creativity**
- **The Bridgewater Hall** An iconic building. Hosts the Halle Orchestra another famous creative asset.
- You must mention **the club and music scene. Too many bands to mention have come out of Manchester.**
- **Suffragettes** The Pankhurst family were the **leading suffragettes in England. Their original house is still in tact in Manchester.**
- **The University of Manchester.** The computer was born here plus many other industrial revolution and post revolution ideas sprang here.

Just for starters!!!

**Jane Delfino MBE**

**Director of Enterprise and Internationalism**

*Holder of the Queen's Award for Enterprise Promotion*
