

Short story's script

Video 1

Sanem: reading from her novel (page 2)

"I swallow saliva. For a second, I am tempted to pretend that I do not know any Sanem Aydin, but I get up with clumsy feet that look like elephant calves. The actress-secretary leads me to a room decorated with movie star posters and show announcements. With a tremble I sit down. In front of me there are two men who also look as if they had come out of a Hollywood movie."

Man 1: Good morning Sir!

Can: Good morning, I'm looking for someone who can help me repair my boat that broke during my voyage.

Man 1: Well done! You're a lucky. I can help you fix it. It'll take me about 2 days, I reckon

Can: Okay, thanks. I'm going for a walk around the village before it rains. I will be back in two days, then.

Sanem: reading from her novel chapter 15 (page 1)

"What can I say about Can Divit? He is the typical protagonist of love stories Handsome, rich, famous, fascinating, although as in some stories he hides behind a mask of virtue, and has a dark heart. He is not an albatross, but a tiger that devours the animals that cross his path. Running through jungles where maidens don't dare to enter. He flees to the desert and in the heat and aridity is where he is comfortable."

Sanem's Flashback: **Can:** During my trip to Paris, my gaze was only directed to one particular person, Sanem.

Sanem: How can I forget that day.

Man 2: Why were you in Paris?

Can: I was in Paris to take some photos. While going back to check my photos I noticed a girl in the distance.

Sanem: I was in Paris to write a book.

Man 2: Wow, what a beautiful story. You could write a book about your romantic meeting.

Sanem: Yes, why not?

Manager: Nice presentation. But, Sanem I noticed something wrong. Please, you know you can speak to me, do you?

Sanem: Yes, I know. To tell the truth, right now I have a terrible headache. I want to be alone, if you don't mind.

Back to his yacht

Can: Aunt!

Can's aunt: Can, what are you doing here?

Can: I'll be here for a short time. My boat had a breakdown.

Can's aunt: Thank God I met you. I wanted to talk to you

Can: What's the matter aunt?

Can's aunt: I want to tell you about the company. I heard Emre is rolling the company down. I am angry with you. You left everything and everyone behind.

Emre: Dad!!

Haziz: Son?!

Emre: I see you are fit!

Haziz: I have always looked attractive to people's eyes.

Emre: Hahaha...

Haziz: What about sitting for a while?

Emre: That sounds good. Wow this place is gorgeous!

Haziz: Tell me about the agency, please!

Emre: It goes on.

Haziz: From your face I understand something's wrong.

Emre: To be honest, since Can left without notice the business isn't going well at all!

Haziz: I can see your concern, but ... Am I not here to encourage you?

Emre: I managed to carry out all the hard work but now ... I'm afraid I can't handle the company anylonger.

Haziz: Now, I am back. I can help you fix things up.

Dear son I will always be by your side no matter what.

We were one of the best companies in town.

And we will still be ... with or without Can if we help each other.

Emre: You are right dad. Now, let's not talk about the agency.

Tell me about your holiday!

Haziz: I went to Maldives. And guess what ... I met a woman there ... Jane. I liked her right from the start ... She's very similar to me!

Emre: Dad don't be shy, tell me more about your special woman!

Haziz: She is kind, nice, caring, sweet, and out-going.

Emre: I see, as can be seen, exactly the same.

Haziz: Hey, don't joke! I feel she is the right woman for me.

Emre: It's a pleasure to hear that. You should go and spend the rest of your life with her, then.

Haziz: No, no I am a man of word.

I promised you to stay here. You know, the company has always been one of my big dreams and, as long as I am well enough I will help the agency and my family.

Emre: Your happiness is what matters most to me. If you're happy I will never hold you back.

Haziz: Thanks, son. I know I can trust you son.

Can's aunt: I'm angry with you, you know? Since you were a little kid you have always wanted to follow your dreams. But now, you're an adult: you must take some responsibility!

Can: Okay, I must admit you're right.

Can's aunt: We have some serious matters to discuss, Can. What is the real reason for your departure?

Can: You got me: the real reason is a fight with a girl.

Can's aunt: Who's the girl who broke your heart? I couldn't imagine you were so fragile. Love is a hard matter, darling.

Can: Yes, unfortunately, I understood it at my expense...

Can's aunt: Your injured heart will recover, believe me. But, if you don't stay with the one you love you will never be happy. Your relationship won't settle until you talk. Only then will you find peace.

Can: Thank you aunt, your advice is always useful.

Can's aunt: Don't worry, my dear. Cheer up, everything will be fine.

Can: I really hope so!

Can's aunt: Come on Can, cheer up. You are young, there will be so many problems in your life you won't be able to escape from!

Can: I know it, but what I should do?

Can's aunt: Your father has returned from his trip, you know. And your brother Emre is bringing the agency to an end. He is really messing everything up.

Can: Well, there you don't know what really happened. One year ago, when I was unfortunately, it hasn't been found yet, but on several occasions I had a feeling it was Emre himself.

Can's aunt: Now you're back and, you could solve your doubts. You can talk to Emre face to face.

Can: I don't think that's a good idea. It is better to be silent rather than arguing about old matters; it would be useless.

Can's aunt: You can still try! Your family and the company need you. Well, I'm really tired of talking about the agency now. But, wait, I have something for you here in my bag. I'm sure it clear your doubts!

Friend: Oh, hello!

Sanem: Hi, how are you?

Friend: I'm fine, what about you?

Sanem: Something really strange happened to me today ... I thought I saw him ...

Friend: Oh Gosh, don't tell me you saw Can?! And, by the way in case it was really Can, look on the bright side. Please, talk to him and clarify the situation.

Sanem: I thought I saw him While I was giving during my presentation and at the theater

Friend: Pardon? ...

Sanem: During the presentation, I saw him... I think...

Friend: Sanem, I can feel from your voice ... you are still very hurt by Can. Now , you must make a decision. Either you forget him or just talk to him and settle the matter

Sanem: No, no, no , I can't... I'm still so confused...

Friend: You have been thinking and talking about him for a year, it's time to face him! Come on!

Sanem: I know, I know...I still spend hours and hours of my life thinking about him... And I still I don't know what to do!

Friend: If you think about him so often, why don't you go and speak to him?

Sanem: Ok,I'll see if I am able to follow your advice!

Friend: Good girl...

Sanem: The moment I saw him I remembered when we were together.

When we met for the first time, he wore his hair collected, but I noticed he now prefers to keep them loose. I don't believe it has been a year... I wonder what he may have done up to now?

Video 3

Can: Sanem. Sanem. Sanem!

Sanem: Why are you here? Why have you come? Go away!

Video 4

Can: Sanem. I still see you are fond of perfumes. I am about to leave.

Sanem: Go Go away.

Can: Okay, Can, bye.

Flashback: **Can:** I have to make a decision. Shall I go or stay.

Sanem: I think you have to go.

Sanem: The Sanem you knew no longer exists.

Can: I realised it.

Sanem: Go away, go.

Thinking

Sanem: He is really going!
