

Music

Music speaks what
cannot be expressed,
soothes the
mind and gives it a rest,
heals the heart and
makes it whole, flows
from heaven to
the soul.

After silence, that
which comes nearest
to expressing the
inexpressible is
music.

The present section is meant to collect several forms of music that I consider relevant for different reasons. The intention is to provide **a multifaceted experience of musical nature** that may provide mental and emotional significance of any kind.
