

Presentazione del metodo Multiple Matching Gap Fill

Si propone agli studenti un testo all'interno del quale sono state rimosse delle parti. Si richiede di riempire gli spazi con una delle opzioni proposte in modo da completare il testo.

Tra le opzioni sono presenti uno o due distrattori, ovvero alternative di risposta che non vanno selezionate.

TITLE	Trees
NUMBER OF WORDS	194
READING BEHAVIOUR	Careful reading
GENERAL FOCUS	Reading for main ideas and supporting details
CEFR LEVEL	A2
TEST METHOD	Multiple matching
NUMBER OF ITEMS	6

Trees

Read the text about the importance of trees.

Match the missing parts with the gaps (1-6).

There is one part that you do not need.

The first one (0) is an example.

stories have been written

we don't just love trees

enjoy the beauty

have painted pictures

breathe out carbon dioxide

have got leaves and branches

they seem to touch the sky

Trees are an important part of our world. They **(0) provide wood for building** and pulp for making paper. They provide habitats (homes) for all sorts of insects, birds and other animals. Many types of fruit and nuts come from trees - including apples, oranges, walnuts, pears and peaches. Even the sap of trees is useful as food for insects and for making maple syrup – yum!

Trees also help to keep our air clean and our ecosystems healthy. We breathe in oxygen and **(Q1)** . Trees breathe in carbon dioxide and breathe out oxygen. We're perfect partners!

Trees do lots for us, our environment and other plants and animals in nature but **(Q2)** for practical reasons. Trees can also be very beautiful - tall enough **(Q3)** and so big around you can't even hug them. Thousands of artists, professional and amateur alike **(Q4)** of trees and thousands of poems, songs and **(Q5)** about them. I would guess that just about everyone on earth has at some point in their life stopped to **(Q6)** of a tree.
