

November 2nd- November 6th, 2007. Language Biography.

English

During the sessions trainees were invited to gather ideas and information about the way they had learnt the target language in view of a further reflection. They were invited to write a personal language biography as an occasion for reflection on positive experiences from which to start thinking about practices and strategies that had proved successful. They shared ideas and reflection and they provided a personal contribution.

Italian

Durante le sessioni i tirocinanti sono state invitate a condividere idee e informazioni sulle loro esperienze di apprendimento della lingua straniera per preparare una fase di riflessioni sulle pratiche e le esperienze da loro ritenute positive per l'apprendimento di una lingua straniera. Sono state così condivise idee e pratiche e ogni tirocinante ha offerto il contributo di una biografia linguistica relativa alla propria esperienza.
